

Additional value added service topping up your freight

Our 33,000 square feet (10,058 m²) environment-controlled warehouse is adjoining a 300,000 square feet (91,441 m²) external and secured terminal.

Our Verchères head office, located in the heart of the Montérégie region, has one interior dock of 6,650 square feet (2,027 m²), with a vertical clearance of 14 feet (4,27 m), as well as six loading and shipping docks.

Transshipment or storage is then made easy in a secured and well lit space with controlled temperature.

Interior transshipment accelerates routing of the products to the point of sale.

Interior transshipment for fragile or sensitive freight.

Our modern warehouse allows stocking your pallets on shelves or storing non-standard merchandise in large bins.

The warehouse also covers your long-term storage needs. Our bins have sliding doors, facilitating storage.

Storage of non-standard merchandise in large bins.

Essential Services

Our industrial shelves and our vast 21 feet high (6,4m) storage units are at your disposal, whatever the size or volume as required. Your products are safe with us, with our round-the-clock security system. Climate controlled units keep your products safe.

Flexibility and security

Two excellent reasons to choose a reputable service provider in the transportation industry offering both storage and distribution.

Locked storage units.
